STATEMENT OF FACTS IN SUPPORT OF PETITION Under 37 C.F.R. § 1.47(b)

1. Accompanying this petition as Exhibit A is the original executed declaration executed by the inventors Trista P. Chen, T.M. Murali and Rahul Sukthankar for this application filed by the Assignee at the time Compaq Information Technologies Group, L.P. (CITG) which subsequently assigned its entire interest in the application to HPDC (See Exhibit B Notice of Recordation and Assignment).
2. Exhibit C is a copy of the Assignment executed by T.M. Murali assigning his/her interest to CITG on February 15, 2002. The Assignment was notarized by Notary Public Joseph S. Precopio in Suffolk MA.
3. The Issue Fee for this application was paid on July 19, 2006.
4. On August 15, 2006, one of HP's outside counsel Philip Lyren, who had previously prosecuted the case, notified me that Examiner Fred I. Ehichioya had called him, and requested that HP submit a new declaration with at least a first name or an affidavit that the inventor's legal name was T.M. Murali.
5. T.M. Murali had a Compaq employee number. He/she does not work at HP.
6. I tried a Google search on T.M. Murali with "murali cambridge ma" as the search string which came up with the address on the declaration 46 Pemberton Street, Cambridge, MA 02140 with telephone number (617) 576-1789. I called the number which has been disconnected.
7. As per Exhibit D, Human Resources at HP verified that its system shows T.M. Murali as the legal name for this former Compaq employee. The telephone number on record was the same disconnected number above. An emergency contact person's name and telephone number was provided.
8. I call the emergency contact number and asked for the person, but was informed by the person who answered that he did not recognize the name.
9. I called information for the area code 617. The operator indicated that there was no listing (published or unpublished) for a person named T.M. Murali.

10. I had a report (See Exhibit E) run in Westlaw to track down T.M. Murali. It appears the same T.M. Murali has two social security numbers or there were two people named T.M. Murali who resided at the 46 Pemberton Street address.

11. The most current address updated appears to be 30 CambridgePark Drive in Cambridge, MA 02140-2340. The phone number listed is still the old disconnected number.

12. Another address updated in November 26, 2003 is the Blacksburg VA address listed in Exhibit E. I left a message at the telephone number listed on September 7, 2006. No response has been received.

13. Examiner Ehichioya contacted Philip Lyren again, saying the PTO needed a response by today Friday, September 08, 2006.

14. I left a message for both Examiner Ehichioya and his supervisor Examiner Breene on September 7, 2006 indicating we are unable to locate T.M. Murali and will have to file a petition today.

15. I also did a patent and patent application search to see if there were other applications for an inventor named Murali with an inventor city of Cambridge. Besides the published application corresponding to this application, the other patents and patent applications were to inventors named Jasty Murali of Weston, MA and K.R. Murali of Nashville, TN. (See Exhibit F).

16. The last know address of the inventor T.M. Murali is 46 Permberton Street, Cambridge MA 02140.

Therefore, in order to preserve Applicant's rights to protect its intellectual property Applicant HPDC respectfully requests to be allowed to sign on behalf of inventor T.M. Murali so Applicant's application can issue as a patent. Enclosed as Exhibit G is a copy of the original declaration signed by T.M. Murali with my signature on behalf of HPDC.

Hi Eileen.

We are saying that our system retrieved under that employee a legal name written as T.M. Murali. It was entered that way at that time.

In part the reason for being unable to verify that person's name is that he was a Compaq. He was hired back in 1999 and the information in the system is the only we have.

We really don't know if there would exist like a physical file or who in the time have hired him.

Unfortunately for the moment is the only information that is available for us.

Sorry for not being of much help.

Maria: I am having to do a petition to the PTO on this case to prevent its abandonment. I just want to double-check on the situation below.

Are we saying that this person, T.M. Murali CPQX2668 has a legal name of T.M. or are we saying that we cannot verify the name of this person at all? What would be the reason for being unable to verify a person's name if he/she has a Compaq employee number?

Thank you,
Eileen

Subject: Patent Case 200302024-1

Hi Fatemeh:

In follow-up to our telephone call, the inventor signed the declaration as T.M. Murali and

his employee number was CPQX2668.

I doubt it, but is T.M. Murali the person's legal name?

If not, what is the full legal name and what is the latest contact information we have for the person.

Background: An inventor must sign a declaration providing a first name, middle initial if any and last name. Unfortunately, T.M. Murali signed with two initials. The PTO called because they caught the error and will not issue the patent until we provide a new declaration with the full name or affidavit verifying that his/her legal name is actually T.M. Murali.

Thank you,
Eileen
